## Integrated, seamless drain covers that blend into your landscape.

Indulge in the perfect fusion of form and function with HIDE Drain Covers. Our beautifully designed tile, paver, and concrete covers seamlessly blend into your outdoor space, transforming functionality into an art form.

HIDE's new Linear Strip Drain Covers are a testament to our commitment to innovation. These covers significantly improve your surroundings' aesthetic and offer a sleek and effective solution for patio surface water clearance.

Crafted from high-grade 316 Stainless Steel, HIDE Drain Covers provide visual appeal and ensure the durability and function of your outdoor drainage.

AUSTRALIAN OWNED AND MADE  
HIDE DRAIN COVER RANGE

Diverse in sizes and depths, HIDE Drain Covers offer a wide range of options to suit your specific needs.

These covers serve as a sophisticated alternative to traditional drainage grates, seamlessly blending into your landscape.

Additionally, by incorporating a non-slip inlay, our covers not only enhance safety but also eliminate any slip hazards.

HIDE Drain Kits :

Square drain covers available in 314x314mm, 342x342mm and 656x656mm. Exterior linear tile insert covers, available in two widths. Exterior linear concrete infill covers, available in one size. All HIDE linear covers are modular for any length of required drain channel.

(Channel and pits not included)

When embarking on your new landscape design, consider integrating HIDE Drain Covers from the outset. Our covers are designed for installation in pedestrian alfresco areas, ensuring both functionality and aesthetic appeal.
